Product description

The simple and clear lines of MILLE washbasin faucets are the perfect finishing touch for modern-styled, minimalistic bathroom interiors. The MILLE faucet has a 35 mm ceramic cartridge, which enables smooth control of the water stream. Resistance to scratching is provided by Cersanit Super Shine chrome plating. Ecological Cersanit Water Save Aerator reduces water consumption by limiting its flow to 6 l/min. The faucet set includes a metal CLICK-CLACK plug, recommended for washbasins with overflow. The faucet is also equipped with 35 cm long flexible Eco EPDM connection hoses. The hoses are WRAS certified, which confirms their high quality. A special coating lines the inside of the hoses so the water does not change its taste or smell. The product comes with a 12-year warranty on the body and a 5-year warranty on the cartridge.
