PRODUCT CODE:

### Product description

Thanks to the universal style of MODUO concept, even the classic design of the fittings will fit into any bathroom. The single-handle countertop washbasin faucet from MODUO collection is fitted with the ecological Cersanit Water Save Aerator and a 35 mm ceramic cartridge which enables smooth control of the water stream. The applied ecological Cersanit Water Save Aerator aerates the water stream thus increasing its volume and limiting the water flow to 6 l/min. The faucet is also equipped with 40 cm long flexible Eco EPDM connection hoses. The hoses are WRAS certified, which confirms their high quality. A special coating lines the inside of the hoses so the water does not change its taste or smell. The product comes with a 12-year warranty on the body and a 5-year warranty on the cartridge.
