Product description

The ZEN by Cersanit collection is characterized by a refined to perfection combination of harmonious shapes and high-end design, which will bring a calming aura to any interior - regardless of its style or size. The concealed thermostatic bath-shower faucet includes a high-end thermostatic cartridge and SafeTouch technology with body cooling and a spout/hand shower switch. It also has a function of precise temperature setting (locked at 38 °C) which, combined with the SafeTouch system, ensures high comfort and safety of use. The uniqueness of chrome products from the ZEN by Cersanit collection is also evidenced by the surface finish of the fittings, which has been protected with Cersanit's abrasion-resistant Super Shine coating. The concealed part of the fittings is a modern solution in the form of a box, which is easy to install and replace. The product comes with a 12-year warranty on the body and a 3-year warranty on the thermostatic cartridge.
